

Eric Carle Picture Writer Vocabulary

Warm Colors: Yellow, Orange and Red; these colors make us “feel” warm; I always think of the sun, which makes me feel warm; the other two colors next to yellow on the color wheel are orange and red.

Cool Colors: Blue, green and purple; these colors make us “feel” cool. I always think of water or sky (blue), which makes me feel cool; I also think of cool grass (green) under my feet.

Positive Space: The space that the object takes up in your picture.

Negative Space: The other space around your object in your picture.

Collage: Cut and pasted paper.

Story: a narrative or tale, that usually has a beginning, middle and an ending.
